In the opinion of the commission, if the missionaries had not pioneered the way the commerce of China would be very small indeed, and it certainly would not be safe for foreigners to go into the interior.

This was the candid opinion of 25 of the leading merchants of the Pac-ific coast, selected from Spokane to San Diego.

China's Hope
China will be lead by trained men.
The hope of the republic is in Christian education, for Christian education has for its object the development of Christian character.-Dr. Frank D.

Chinese Woman Evangelist Miss Dora Yu, perhaps the most successful evangelist in China, is now in the United States. She is a pro-tege of Mrs. J. P. Campbell, of the Korea mission. Miss Yu is invited by any and all denominations in China to hold meetings in their missions. She is berhaps the first woman in China who conducted a revival service for a congregation of both men and

Great Gifts for Educational Work American Presbyterians have of late been making vigorous efforts to meet the situation existing in the new China. Special emphasis has been laid upon the need for greatly enlarged and improved equipment for educa-tional work. Nearly \$1,000.000 have been given or pledged for enterprises for which the Presbyterian hand is solely responsible.

Besides this, a few people have provided a fund of no less than \$750,000 to be used for the erection of new buidlings for Nanking Union university and Shangtung Chinese university The former is probably the chief rival of St. John's university. VILLA WILL ASSIST IN RESTORING ORDER

General Carranza entered the City of Mexico on August 20. According to reports, he was most enthusiastically received by the people. Perfect order has prevailed in the city since the installation of the Constitutional regme. On August 24. General Villa, stationed at Chihuahua, issued the following statement concerning his rela-tions with Carranza:

"I have no personal feeling in this matter against Carranza. This country should not again be under military government-the armies by our constitution are secondary to the constituted time that we should be governed by its people.

"I desire the moral help of the American people in this political fight I am new waging. I consider myself the moral champion to procure by all honorable means for my down-trodden KALLY DAY SERVICE countrymen justice, at the same time showing them their obligations toward law and order."

TRIES FOR SENATOR

Direct election of United States senators at last makes it possible for New York state to secure a member of the upper house without any deal with either Tammany or Republican party bosses. The candidacy of Mr. Franklin D. Roosevelt for the Democratic nomination is one that would hardly have been taken seriously in the days when a Murphy-Barnes legislature did the choosing. While Mr. Roosevelt's economic studies may not have been as thorough as a United O States senator's ought to be, his is the type of mind that will not shrink from advocacy of any truth, once he has grasped it. TURKEY DECLARES

ed by the needless war.

NEW YORK, Sept. 3.-Turkey has declared war against Russia. St. | Petersburg dispatches assert that war between Turkey and Greece is only a matter of two or three days. The Turkish ambassador at Washington said that he had received no communication from his government for four days. Italy is now expected to side with the allies and declare war against Turkey, her old enemy. Bulgaria will probably be drawn into the war on the side of Servia and Greece and against Turkey, thus involving the whole of Southeastern Europe in the general conflict.

The Epworth League of the Yuma Methodist church will hold a meeting on Sunday evening, September 6 at 7 o'clock-topic, "A Song of Lofty Expectations," Psalms 121. Mabel Kent will be the leader. Everybody should attend.

DECISIVE VICTORY FOR GERMANY OVER RUSSIA

LONDON, Sept. 3.—Advices from St. Petersburg say that the Russian general staff frankly admits that disaster has overtaken two army corps on the Vistula river, the Russians losing three generals-General Simoniv. a corps commander of Cossacks in the Japanese war; General Martos, another corps commander, and Gen Pestich, a member of the general staff. It is also stated that a battle has been raging between more than a million men for several days at Galicia, and still continues furiously.

WASHINGTON, D. C., Sept. 3 The official statement of the big German victory against the Russians at tracted wide attention. Military observers pointed out that if the number of Russians taken prisoners has been estimated at 70,000, there must have been great casualties, no mention of which was made.

RELIEF WORKERS TELLS OF HORRORS OF WAR

PARIS, Sept. 3.-Mrs. Herman M. Harjas, wife of a Paris banker, who, with other American women, has been deeply interested in relief work, visited the North railroad station today and was shocked by the sights she

saw among the Belgian refugees.
"The station," said Mrs. Harjas,
"presented the aspect of a shambles. It was the saddest sight I ever saw. It is impossible to believe the tortures and cruelties the poor unfortunates had undergone.

"I saw many boys with both hands cut off so that it was impossible tor them to carry a gun. Everywhere there was filth and utter desolation. The helpless little babies lying on the

000000000000000000 "KEEP COOL!" 00000000000000000

The older world is warped with war And hot with hate are those who rule. What the our younger blood may stir, The call rings down our ranks: "Keep Cool."

Keep cool-a man's advice to men; Keep cool, tho others maddened be We learnt our bitter lessons when We paid our price in

Sixty-three. Who keenest feels the soldier's fall? The eye-wet widow of the fool Whose blood flamed at trumpet call. And heeded not the words,

"Keep cool." Keep cool-thus can we hold a crown Of wisdom won through ages gone. Forget the call—the world rolls down Into the savage age

Of stone! stand today for all men know Of science, law and Golden Rule.

Though foolish nations be aglow With frenzied war, Keep cool! "Keep Cool!" —G. A. Taylor.
